

THE GTESS ADVANTAGE – BREAKTHROUGH TECHNOLOGY AND SUPERIOR RESULTS FOR HEALTHCARE PAYERS

Corporate Profile

GTESS is a Dallas, Texas-based provider of Software as a Service (SaaS) solution for advancing the efficiency, accuracy and speed of healthcare transactions. Our technology that allows our clients to achieve their goals for increased automation, speed, and lower costs of claims processing.

Our patent-pending technologies include applications that increase straight-through processing of claims by:

- › editing, enhancing and repairing submitted data
- › automating network routing and re-pricing
- › implementing client-specific business rules
- › matching provider and member claim data to match client system files
- › detecting duplicate claims

The GTESS System™ – The core of these technologies

The GTESS System is built on a highly scalable and flexible architecture. With three levels of service we supports you business growth , efficiently handle high-volume peaks and offer superior disaster recovery protection.

We deliver industry-leading service and guarantee high-quality results every day.

GTESS – Better Than Humanly Possible.

THE GTESS DIFFERENCE

Significant pre-adjudication and downstream savings

Dramatic operational efficiency improvements

Lower processing error rates

Guaranteed quality improvements

Compelling ROI

Technology innovator

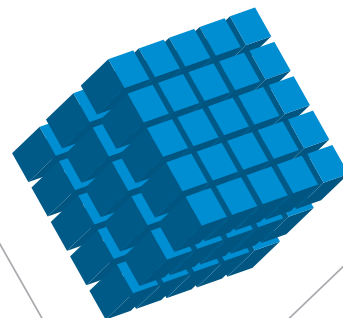

Deep healthcare expertise

Partnership driven

Singular focus on healthcare claims processing

Founded in 1990

GTESS is a privately owned, venture-backed company that has been regularly recognized among national and regional technology companies as a leader in year-over-year growth.

GTESS Team

Continuous innovation goes beyond technology. Our Board of Directors has unparalleled experience in leading and growing technology companies and serve unique roles in evolving industries. The GTESS team includes experienced healthcare professionals with more than 500 years of combined experience, and extends to the people, processes and networks of our strategic partners.

Our goal – to offer premier medical claims processing services to healthcare payers through:

- › Long-term customer partnerships
- › Unique combination of state-of-the-art technologies and best practices
- › Deep commitment to product innovation, service and support.

SENIOR MANAGEMENT

- › John Christopherson, Senior Vice President and Chief Technology Officer
- › Donna Taylor, Senior Vice President, Operations & Client Services
- › Jason Hockett, Vice President, Finance

“OUR SYSTEMS ELIMINATE THE NEED FOR HUMAN INTERVENTION IN THE PAYMENT PROCESS, REPLACING OFF-SHORE, OUTSOURCED OR INTERNAL SOLUTIONS WITH TECHNOLOGY THAT IMPROVES PAYMENT ACCURACY, INCREASES ADJUDICATION AND REDUCES CYCLE-TIME.”

DONNA TAYLOR
SENIOR VICE PRESIDENT

Operational Security

GTESS employs the most sophisticated and reliable technology available to ensure non-stop service and fail-safe operations. We meet your demands for superior security with redundant back-up in national data centers, HIPAA compliacy and SAS70 type II certification.

Hosted by GTESS partners, AT&T and VeriCenter, our technology data center and communications facilities, located in parallel facilities in Dallas, Texas and Atlanta, Georgia. Services are managed and monitored 24/7 with on-call GTESS support.

The facilities coupled with GTESS processes and procedures offer unsurpassed Business Continuity and Disaster Recovery capabilities.

OUR CUSTOMERS

GTESS provides customized solutions and outstanding customer service for healthcare payers from large enterprises and government agencies to small - and mid-tier organizations. GTESS serves:

- › Blues Plans
- › Health Plans
- › Medicaid/Medicare
- › Benefit Administrators
- › PPO Networks

Turn to GTESS, your medical claims processing partner, for web-based, automated software solutions resulting in bottom line performance.
